PERSONAL AND
CONFIDENTIAL

My dear Admiral:

I thought you would be interested in the following data which was furnished by an informant who has given reliable information in the past. This data purports to represent statements of responsible Soviet officials in Europe.

According to the informant's report, the Soviet Government is conducting negotiations for the return of Yugoslavia to the Soviet sphere with the condition that Tito be removed as head of the Yugoslavian Government. It was also reported that the Soviets presently have large troop concentrations in "Kalima opposite Alaska," and the Siberian Army is maneuvering near Vladivostok.

Current maps do not show "Kalima" opposite Alaska. However, this may refer to the area around the Kolyma river. I am unable to further evaluate the above data except to point out that the informant has furnished reliable information in the past which he said came from statements of responsible Soviet officials.

The above information has been furnished to Honorable H. Freeman Matthews, Deputy Undersecretary of State; Honorable John R. Steelman, the Assistant to the President; Rear Admiral Sidney W. Souers, Special Consultant to the President; Secretary of the Navy Matthews; Secretary Lay of the National Security Council; the Attorney General; Brigadier General Vernon E. Megee, Deputy Director for Intelligence, the Joint Staff;
